Types of Reports

- Standard Blackboard Reports
- Custom TCSG Reports

Course Activity Overview

Course Activity Overview displays overall activity within a single course, sorted by student and date. Data includes the total and average time spent per active student and the total amount and type of activity each student had in the course. Optionally, you can filter the report by one or more groups.

Course Users - Dates - Last Access and Submission Dates for a Course

- Generates a list of all students in a course (including disabled students).
- For each student, the following information is listed:
  - last system access date
  - last course access date
  - date of the last blackboard submissions (test, assignments, etc.)
  - name of the submission
  - last discussion board post date
  - information on where that post is located
    - For the discussion board post there is no distinction between graded and not graded.
- **Important Notes**
  - **Only displays Blackboard objects (third party content is not included).**
